EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Simon B. Anolick on August 30, 2007.

The application has been amended as follows:

In claim 6, lines 12-13, the phrase "wherein the function comprises a piece-wise linear estimation of a probability or error function" is changed to "wherein the function comprises a piece-wise linear estimation of a probability of error function."

EXAMINER'S STATEMENTS OF REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: Claims 5, 6, 10, and 13 are allowable over prior art references because related references do not disclose estimating an interference factor (soft data or intermediate parameter) caused by a data component of a multiple access channel based upon approximation of a characteristic (SNR) which comprises

applying a piece-wise linear estimation of a hyperbolic tangent or probability of error function to the characteristic to determine the interference factor and cancel the interference from the received signal, wherein the piece-wise linear functions are defined in the specification as implementing linear interpolation using pairs of values (see page 6, lines 12-15 and page 8, lines 24-26).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
